With 19 locations in 10 countries, ICO Polymers produces custom polymer powders for rotational molding and other polymer related businesses, such as the textile, metal coating and masterbatch markets. ICO remains an industry leader in size reduction, compounding and other tolling services for plastic and non-plastic materials. ICO's Bayshore Industrial subsidiary produces specialty compounds, concentrates and additives primarily for the plastic film industry. Additional information about ICO, Inc. can be found on the Company's website at www.icopolymers.com. Contact: CFO – Brad Leuschner at 713-351-4100.

This press release contains forward-looking statements, which are not statements of historical facts and involve certain risks, uncertainties and assumptions. These include, but are not limited to, restrictions imposed by the Company's outstanding indebtedness, changes in the cost and availability of polymers, demand for the Company's services and products, business cycles and other industry conditions, the Company's lack of asset diversification, international risks, operational risks, and other factors detailed in the Company's form 10-K for the fiscal year ended September 30, 2007 and its other filings with the Securities and Exchange Commission. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated.
